

## User Guide — Arabian Horse PDF Script

### Purpose:

This script extracts horse data from PDF files and converts it into structured JSON.

### Download Method:

- Go to ECAHO website
- Open the show
- Click "Download Class PDF"
- Save files into arabian\_project folder

### Note:

Download is manual (no direct links available).

### Steps:

1. `cd ~/arabian_project`
2. `ls`
3. `python3 ~/extract_all.py`
4. `cat arabian_final.json`

### Daily Use:

```
cd ~/arabian_project
```

```
python3 ~/extract_all.py
```

### Output:

arabian\_final.json contains:

- Horse name
- Score
- Class

### Summary:

Put PDF files → Run script → Get structured data
